Request for discovery		Appeal Case No.: A-09455

I require intelligible copies of the tapes Trooper Gibbens and Prosecutor Leaders made during my interview with them of 6/11/04. I, and my former attorneys, have made numerous requests for these recordings and each time the State has provided me with unintelligible copies of the tapes.

In addition I require Prosecutor Leaders notes that he made during plea negotiations. You indicated these notes were the basis for the State's seizure, retention, and forfeiture of my property. As such it is discoverable and I hereby request these notes.

Sincerely,

David Haeg
