MOTION TO RECUSE MAGISTRATE WOODMANCY
FROM HANDLING OF REMAND

COMES NOW Defendant, DAVID HAEG, in the above referenced case, and herby moves this court to recuse Magistrate Woodmancy because of multiple somewhat complex legal issues that need to be addressed. It has come to my attention Magistrate Woodmancy is probably unfamiliar with many of the issues that need to be addressed & thus I ask for the most qualified individual that is available in a timely manner be assigned to this case.

Magistrate Woodmancy was also involved in my original trial in which he exhibited a friendship with now Judge Murphy & I have since filed a complaint against Judge Murphy for her actions in my case. The complaint has been deemed worthy of investigation, has been assigned a case number, & is moving forward. It is also of concern that Magistrate Woodmancy expressed frustration during the presentation of my side of the case. Because of these

reasons I feel it appropriate to recuse Magistrate Woodmancy for a new Magistrate or Judge with as much background in criminal law as possible.

RESPECTFULLY SUBMITTED this _____ day of _____, 2006.

David S. Haeg
